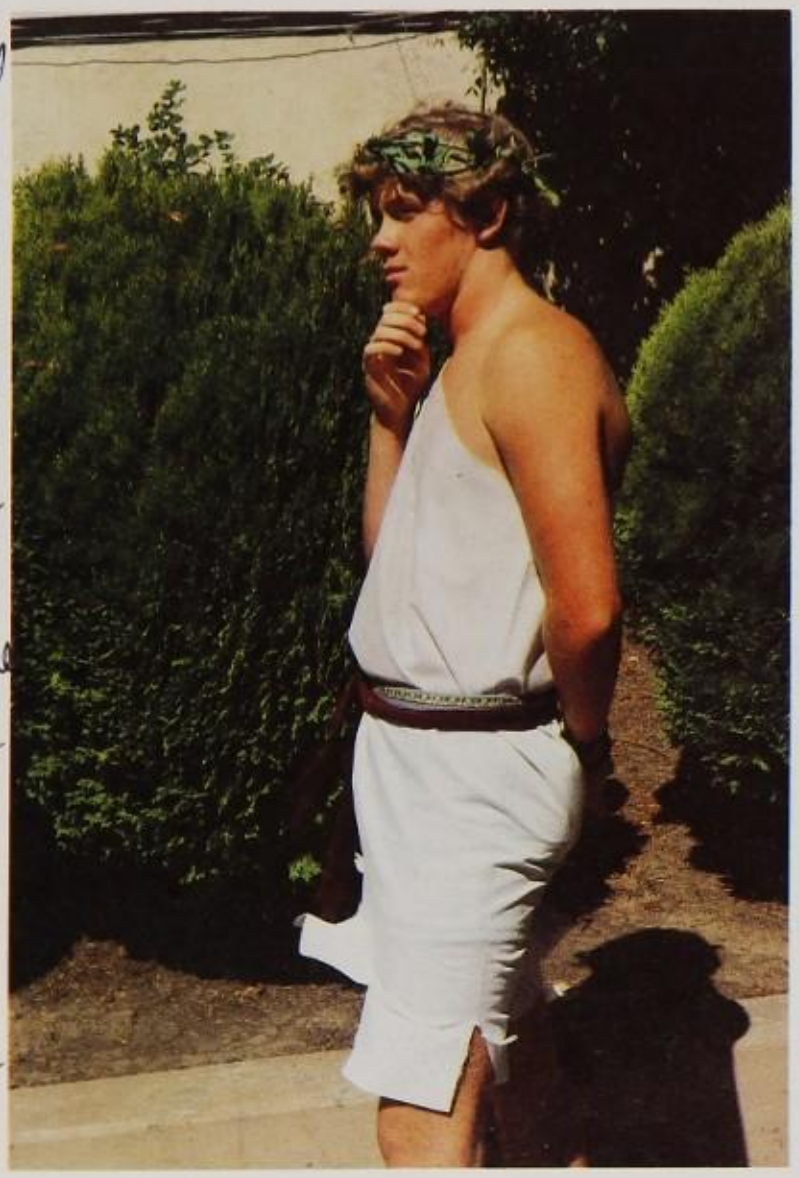
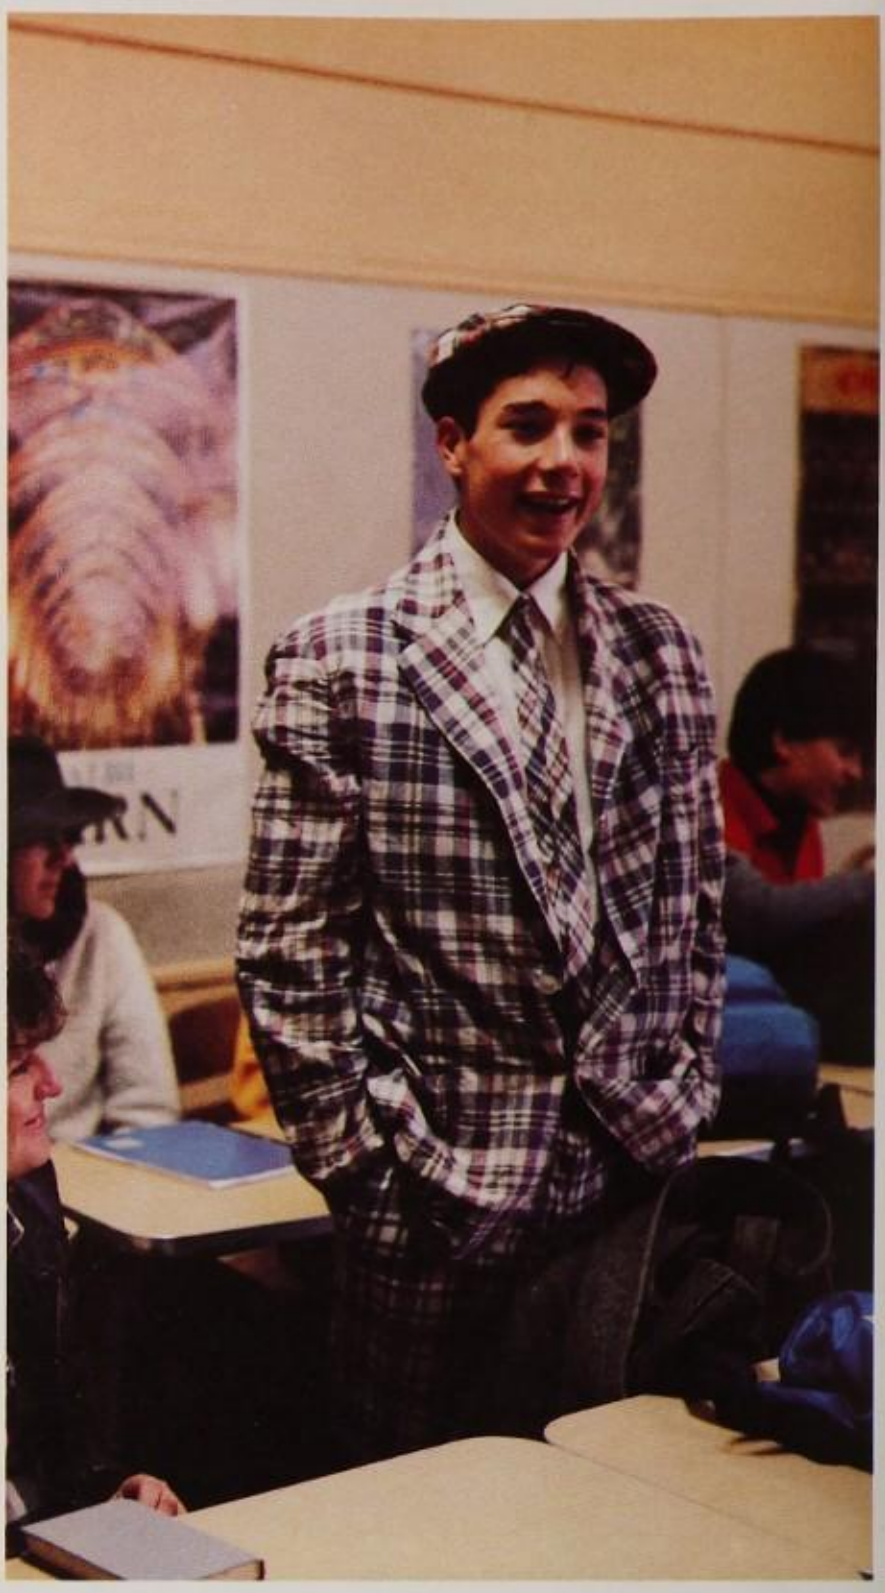
"Wonderful students to teach and coach. I like it all as much as I did 21 years ago."

Bruce Grant

Dear, where to start. That's easy. I saw you one day, said I wanted to get to know you, called you up and you came to dinner. We got blitzed and you fell off of my hand rail, ten feet down onto sharp steps (head first). I Thought you were dead and freaked out. But no, you got up and said "Okay, let's go." I still don't believe it. For the next few months we went Through things with Prescott, Lynn, Kurt, etc... but we never could like each other at the same time. (Can we now?) As the year progressed we did some fun things - skinny dip in Tam's pool and leaving our underwear on the diving board. How funny. Sapping coolers at the beach, in the hot sun and sand. The party never subsided. I could go on all day but my point was made. After all this time, I think we know each other well and have become close friends. So, this summer keep in touch and we'll just party, party, party.

Love Always, Chad.





Wow, who is that girl? I want to know her.

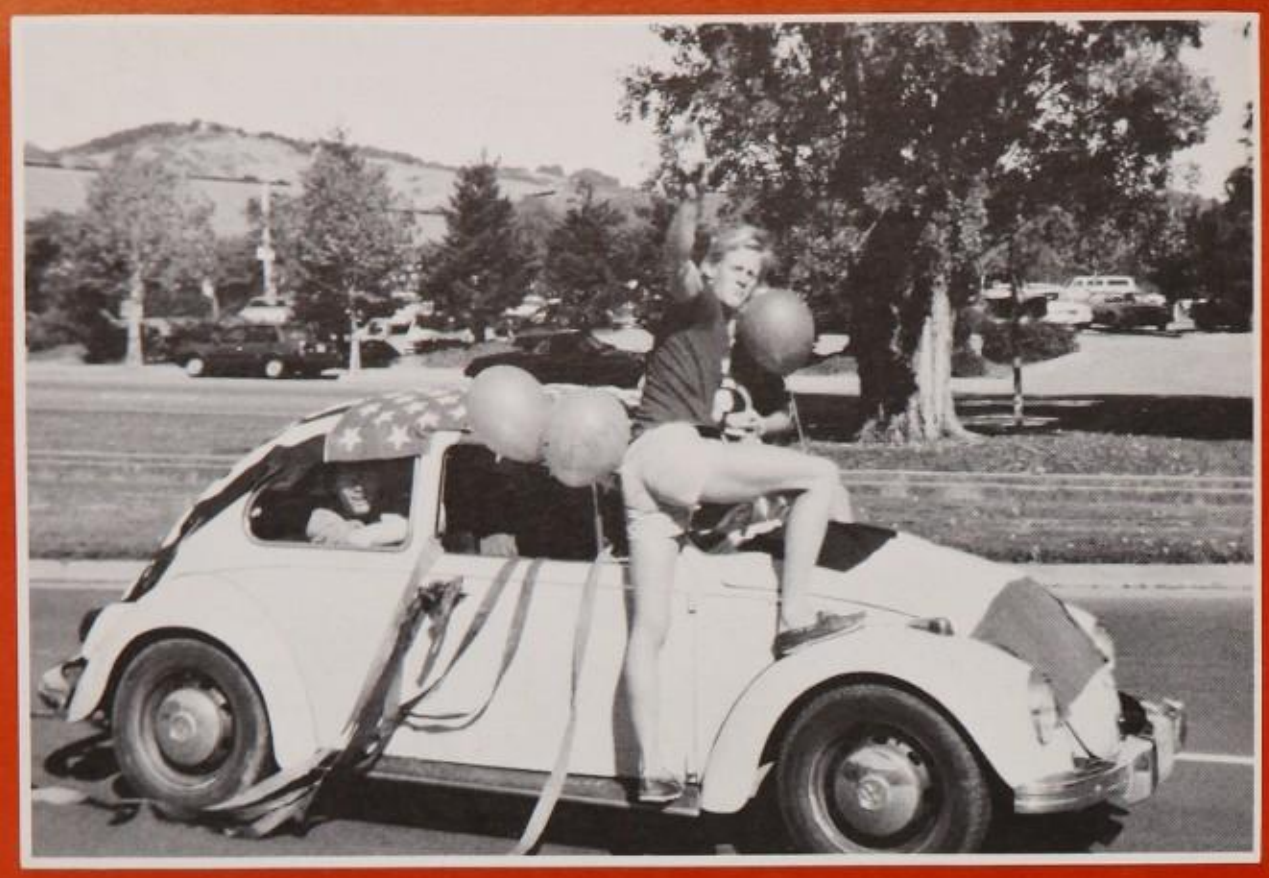
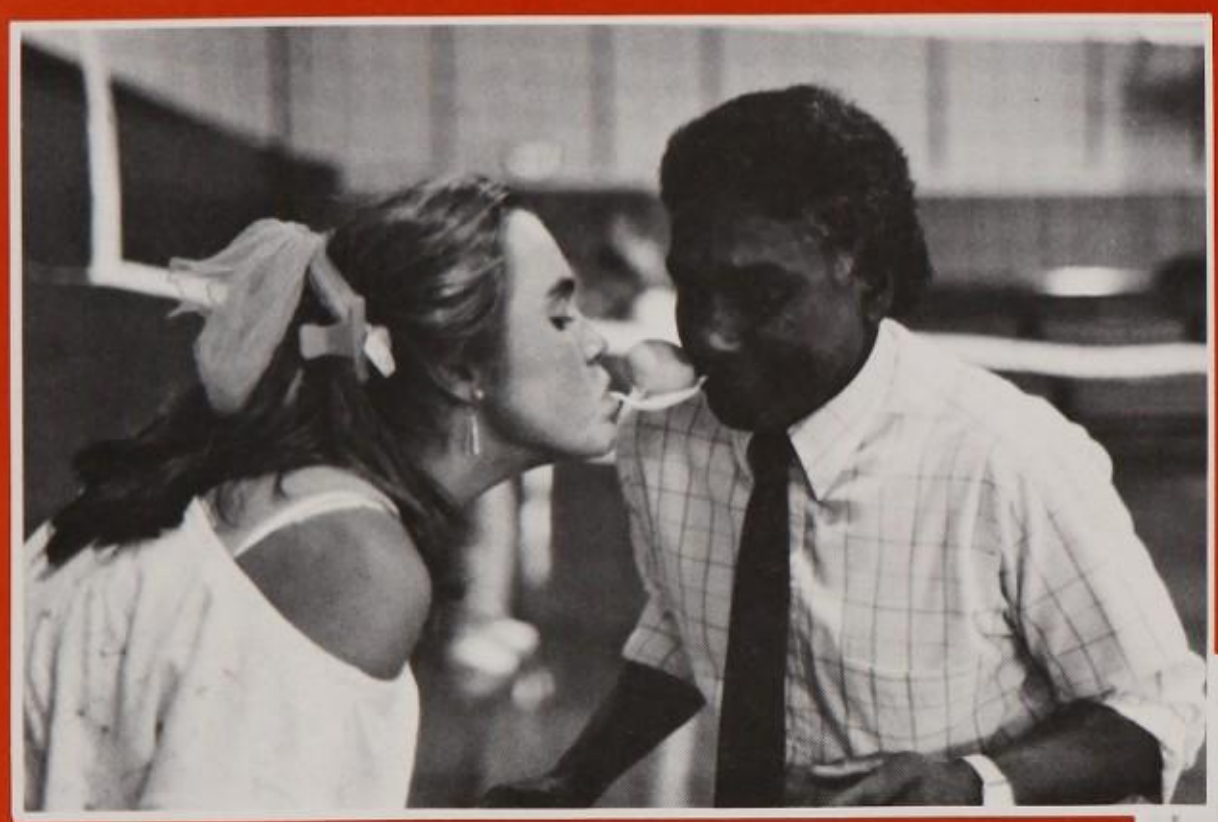
Homecoming

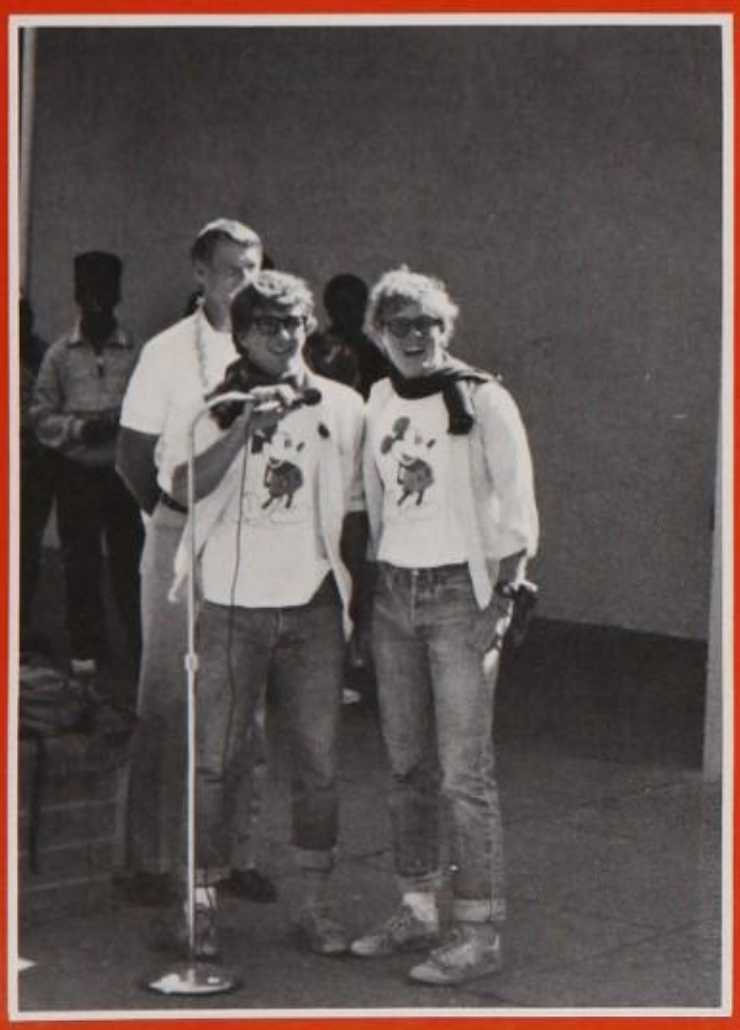




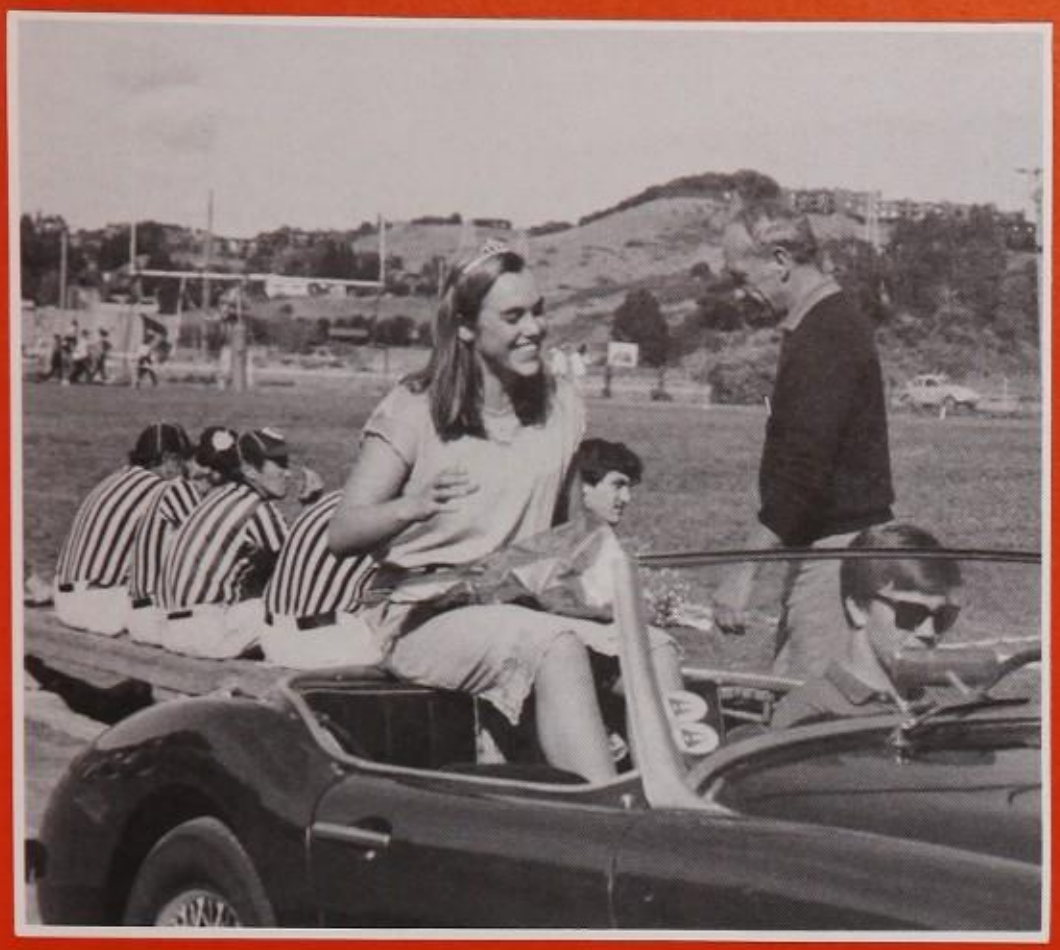
Everyone seemed to enjoy this year's Homecoming. Everything from the parade to the game to the dance went off well without any great problems. The parade began at Old Mill School and continued down Miller Ave. bringing lots of excitement to town. It finished up at Tam and the best float was chosen. The juniors won, although each float turned out well.

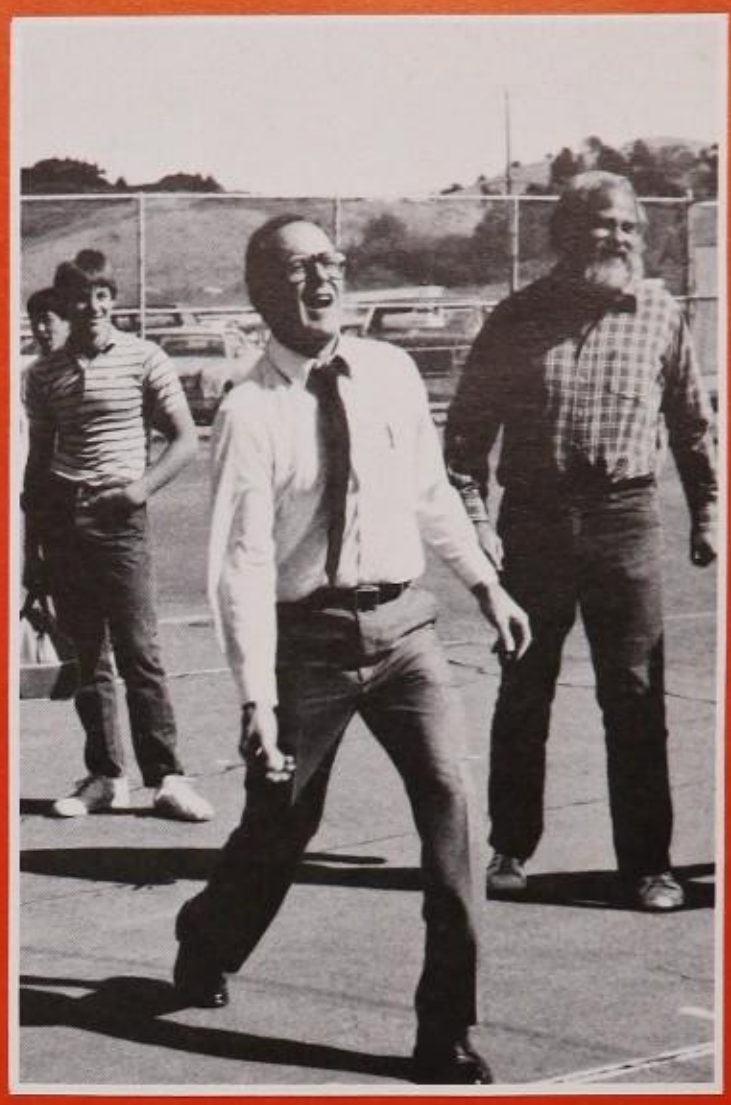
Our football team played the Novato Hornets and although they gave a great effort, we finished up at half time losing by a score of 20-0.

At half time, Shauna Doherty was crowned Homecoming Queen alongside the other princesses, Gina Anderson, Stephanie Curran, Kristen Janssen, Allison Keenan, and Renee Racchi.



Mountain





Shauna took her traditional ride around the field before the second half of our game began. We continued to give our all, but the score did not change and we lost 20-0.

Spirits did not fall, however. Everyone put on their tropical attire and attended the Homecoming Dance. The dance was a great success with the help of the excellent band, New Breed.

During the dance, Neal Rayner was crowned as Homecoming King. He and Shauna took their traditional dance. The princes, Steve Cobb, Brian Evejenth, David Hagen, Andy Nakahata, and Jon Rosen joined in with the princesses. Everyone seemed to go home in high spirits, after having had a great Homecoming.

Tam Football 1984: 5 Wins 5 Losses

The Tamalpais Indians, with pressure on them to repeat last years miracle, began their season with three pre-season wins and a world of confidence.

An opening day loss to the chapion-to-be San Marin Mustangs hit the Indians hard-they weren't used to loosing. Soon, after an excruciatingly close loss to Redwood, Tam went into Homecoming with a disappointing 0-3 league record.

The first half of the Homecoming game vs. Novato proved fatal for Tamalpais as Novato went into the locker room ahead comfortably, 20-0.

The Tam defense, led by all-league players Steve King, (linebacker) Jon Carillo (defensive end) and Durrell Knutsen shut down the potent Novato completely, to the delight of the Tam fans and head coach Mike Davlin. The Indian offense, however, never quite kicked into gear either, as the final score remained the same, 20-0. The fourth all-league selection from Tam, Kolya Hardy, watched helplessly from the sidelines nursing an injured ankle.

The Indians showed their unwillingness to quit, however, and went on to win two of their last three games ever Terra Linda and Drake. Lets salute the Indians on a season saved by their determination and "never say die" attitude.

The Bonehead Miracle

The Tamalpais Bonehead water polo team, with more spirit than ever before, finished their miracle year with a 6-2 league record.

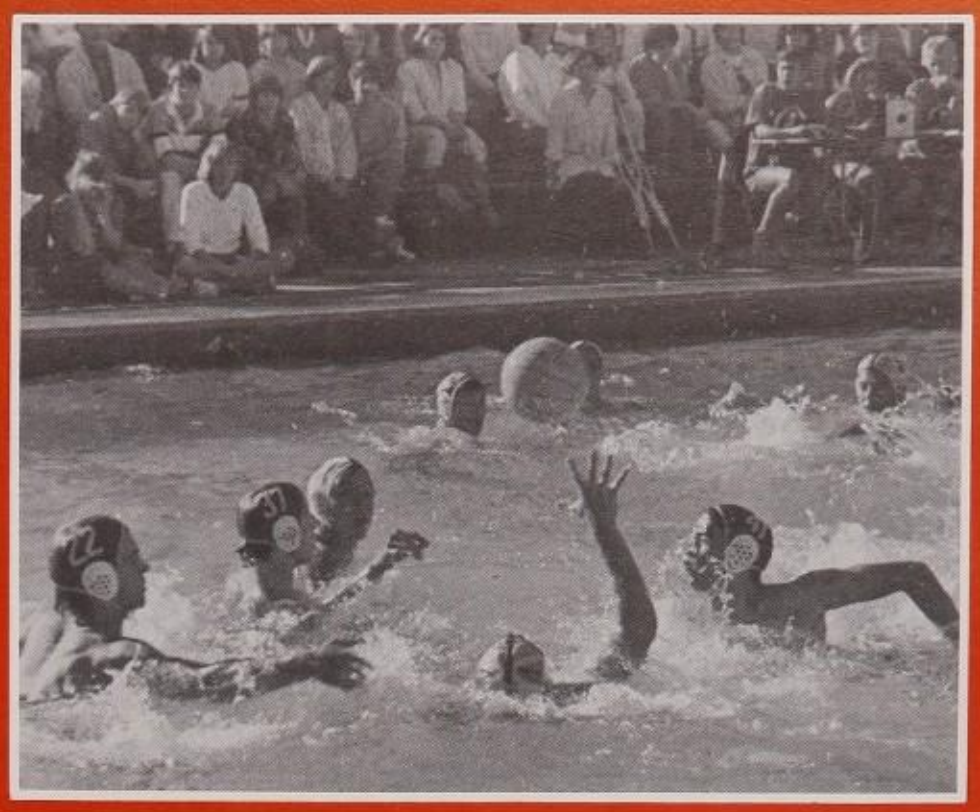
The Boneheads, who had never finished better than .500, ended at .750. They played remarkably well in their pre-season tournaments and never lost more than they won. They won their first four league games to put them in a tie for the top, but in Terra Linda the Boneheads struck ice and the Trojans swam away with their fifth victory in a row. Four weeks later, however, it was the Trojans who would have to play in our pool and the Boneheads at 6-1 were hungry for a Bonecoming Day Feast. Tam played them tough all the way; unfortunately, though, Terra Linda again came away with another win and a perfect 8-0 season.

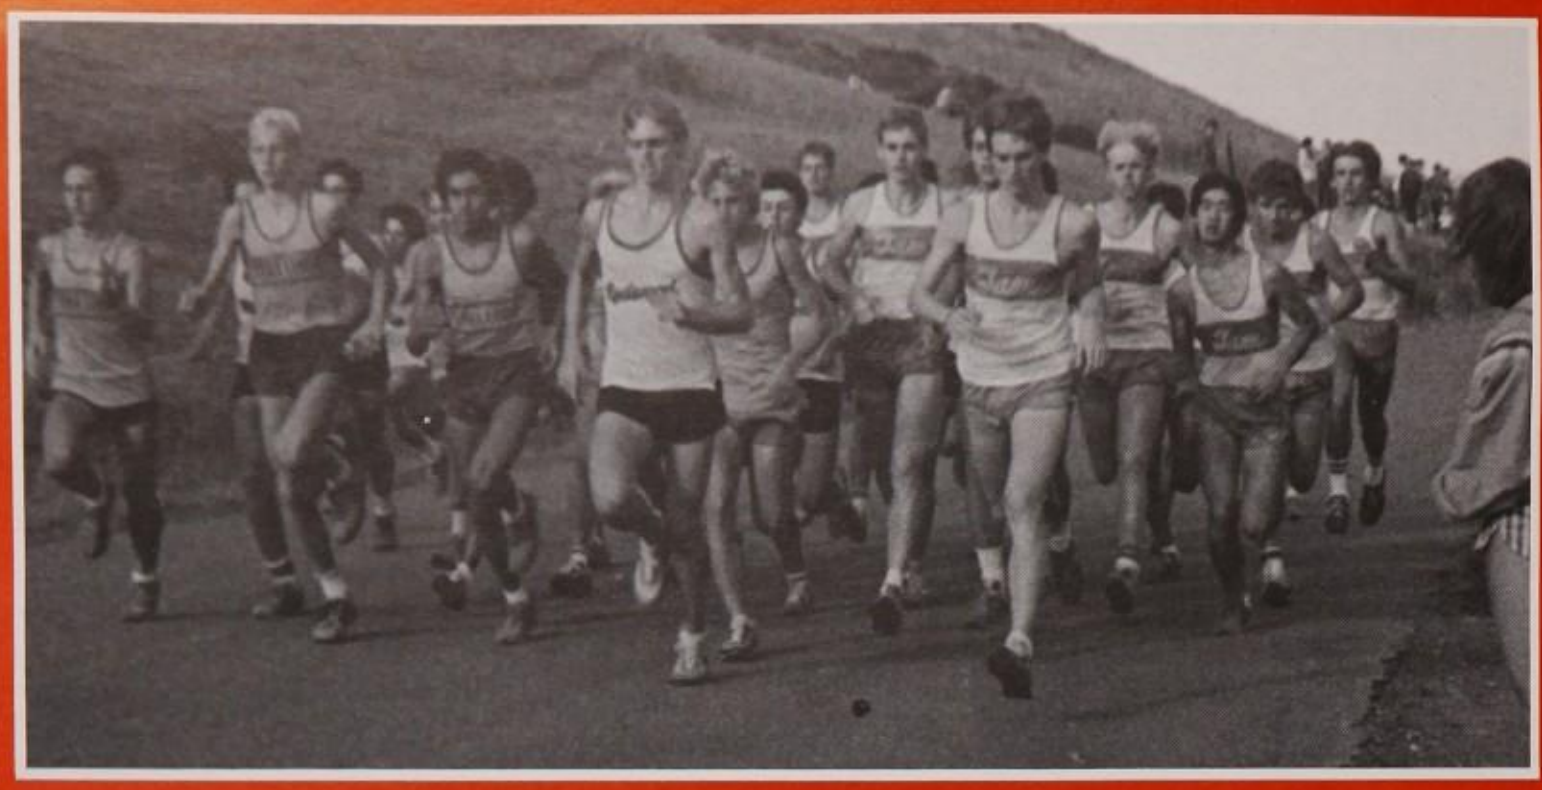
There were still the playoffs and Tamalpais who had never won a game in post-season play figured on winning at least two.

Well, they won three, one better than expected. Once again, however, not everything was roses as for the third time in the season the Boneheads dropped a game to their league rivals Terra Linda.

As we look back on the season that reached new heights for Tamalpais water polo and a team that had started from scratch as only two starters returned, we see that this team, our team, provided most everyone in the school with the excitement that makes class *spirit.*

1984 BONEHEADS: Eric Bentley, Todd Blankfort, Leif Calfin, Karen Calvin, Matt Casse, Steve Cobb, Mike Conneeley, Graham Davis, Scott Domecus, Josh Ferguson, David Foster, Dirk Gilliard, Aaron Graves, David Hagen, Brian Harms, Suzanne Hee, Ben Hillyard, David Hood, Bridget Hook, David Jacobs, Matt Kelly, Marc Kolb, Rob Kylberg, Eva Lagios, Leda Leiba, Tim Leptich, Jason Levin, Jonty Lilien, Lajra Litzky, David Lloyd, Malcolm MacDonald, Rachel Mayeri, Adam McAfee, Neal Rayner, Bryan Ritola, Chris Roberts, Bonnie Rosen, Tim Smith, Cyndi Strub, Kian Tavakoli, David Thompson, Chriss Wahlgren, Chris Wells, Chris Woodbridge, Jed Zilberberg





Jed Nicholson, Jan Shears, Ray Lochert, Andy Nakahata, Shaun Nelson, and Chris Monson start racing against Terra Linda and Redwood at the Tennessee Valley course.

Running Together

For the first time at Tam High, boy's and girl's cross country were run together this year. Coached by Kreig Vezie and Iris Meyers, the team feels that this was the main reason the runners kept spirits so high and shared such a strong common bond by the end of the year. "We had tears in our eyes the night of the banquet, we felt so close," commented Mrs. Meyers, "It was hard getting used to not seeing them each day."

The boy's cross country had it's ups and downs, yet managed to finish fifth in the league taking them to Redwood Empire in Eureka. The team held an unexpected star with senior Sandy Murray, and followed closely by Jed Nicholson.

In the girl's, Britta Fredreich finished ninth in the league, after injuring herself near the end of the season. Gina Anderson was a stable runner and Kristin Janssen (team captain) always followed close behind. Mrs. Meyers explains, "The girls had a lot of talent, yet were competing against top north coast runners from other schools. Sometimes they didn't get the kind of recognition they deserved."

Josh Raymon was the number one runner on the boy's frosh-soph, yet was injured during the season, stilting his first year. David Johnson was also a key in helping lead the group through a good season, and the team showed tremendous potential for a winning season next year.

Keeping Up Tradi

This year the Tam boys varsity soccer team kept up Tam's tradition of good soccer teams by finishing 4th place in the county.

Tam started out with a team of talented players, experienced in all positions but the most vital one. Tam lacked an experienced goalie. They found Jessie Irwin who ended as a fantastic goalie and Tam's M.V.P.

As for the past four years, Tam has been known for having good soccer teams, and we have done it again this year, making it to the playoffs and taking 4th place.

Tam started their season with a 3-0 record, winning all of their non-league games. The coach, Eric Jenson, was happy with the victories, but not satisfied. He didn't think Tam was playing to their full potential, which showed at their season opener at Redwood where they were defeated 2-1.

Tam players improved as a team, and as individuals as the season went on and ended with a final record of *8-5-1*. We were beat out by Redwood in the county playoffs, but we still had a record to be proud of.

Girls Tennis

The girls tennis team stayed in high spirits throughout their season. Their 4-10 record reflected a difficult season but nevertheless they represented Tam with pride and skill.

The team's leading players were (1) Renee Racchi (2) Nicole Crucich (3) Gia Grant (4) Vyanna Vendel (5) Sarah White. The team as a whole fought hard to win their few victories. Trying to overcome the competition was an uphill battle. We were pitted against teams such as Redwood and San Rafael whose players are ranked in the state.

Although their record was not very impressive, the team worked hard to better their skills. Many players improved, gaining experience as well as much needed court time. Redwood and San Rafael were our toughest competition.

The recipients of awards were Renee Racchi, "Most Valuable;" Heather Donaldson, "Most Improved;" Vyanna Vendel "Coaches Award."

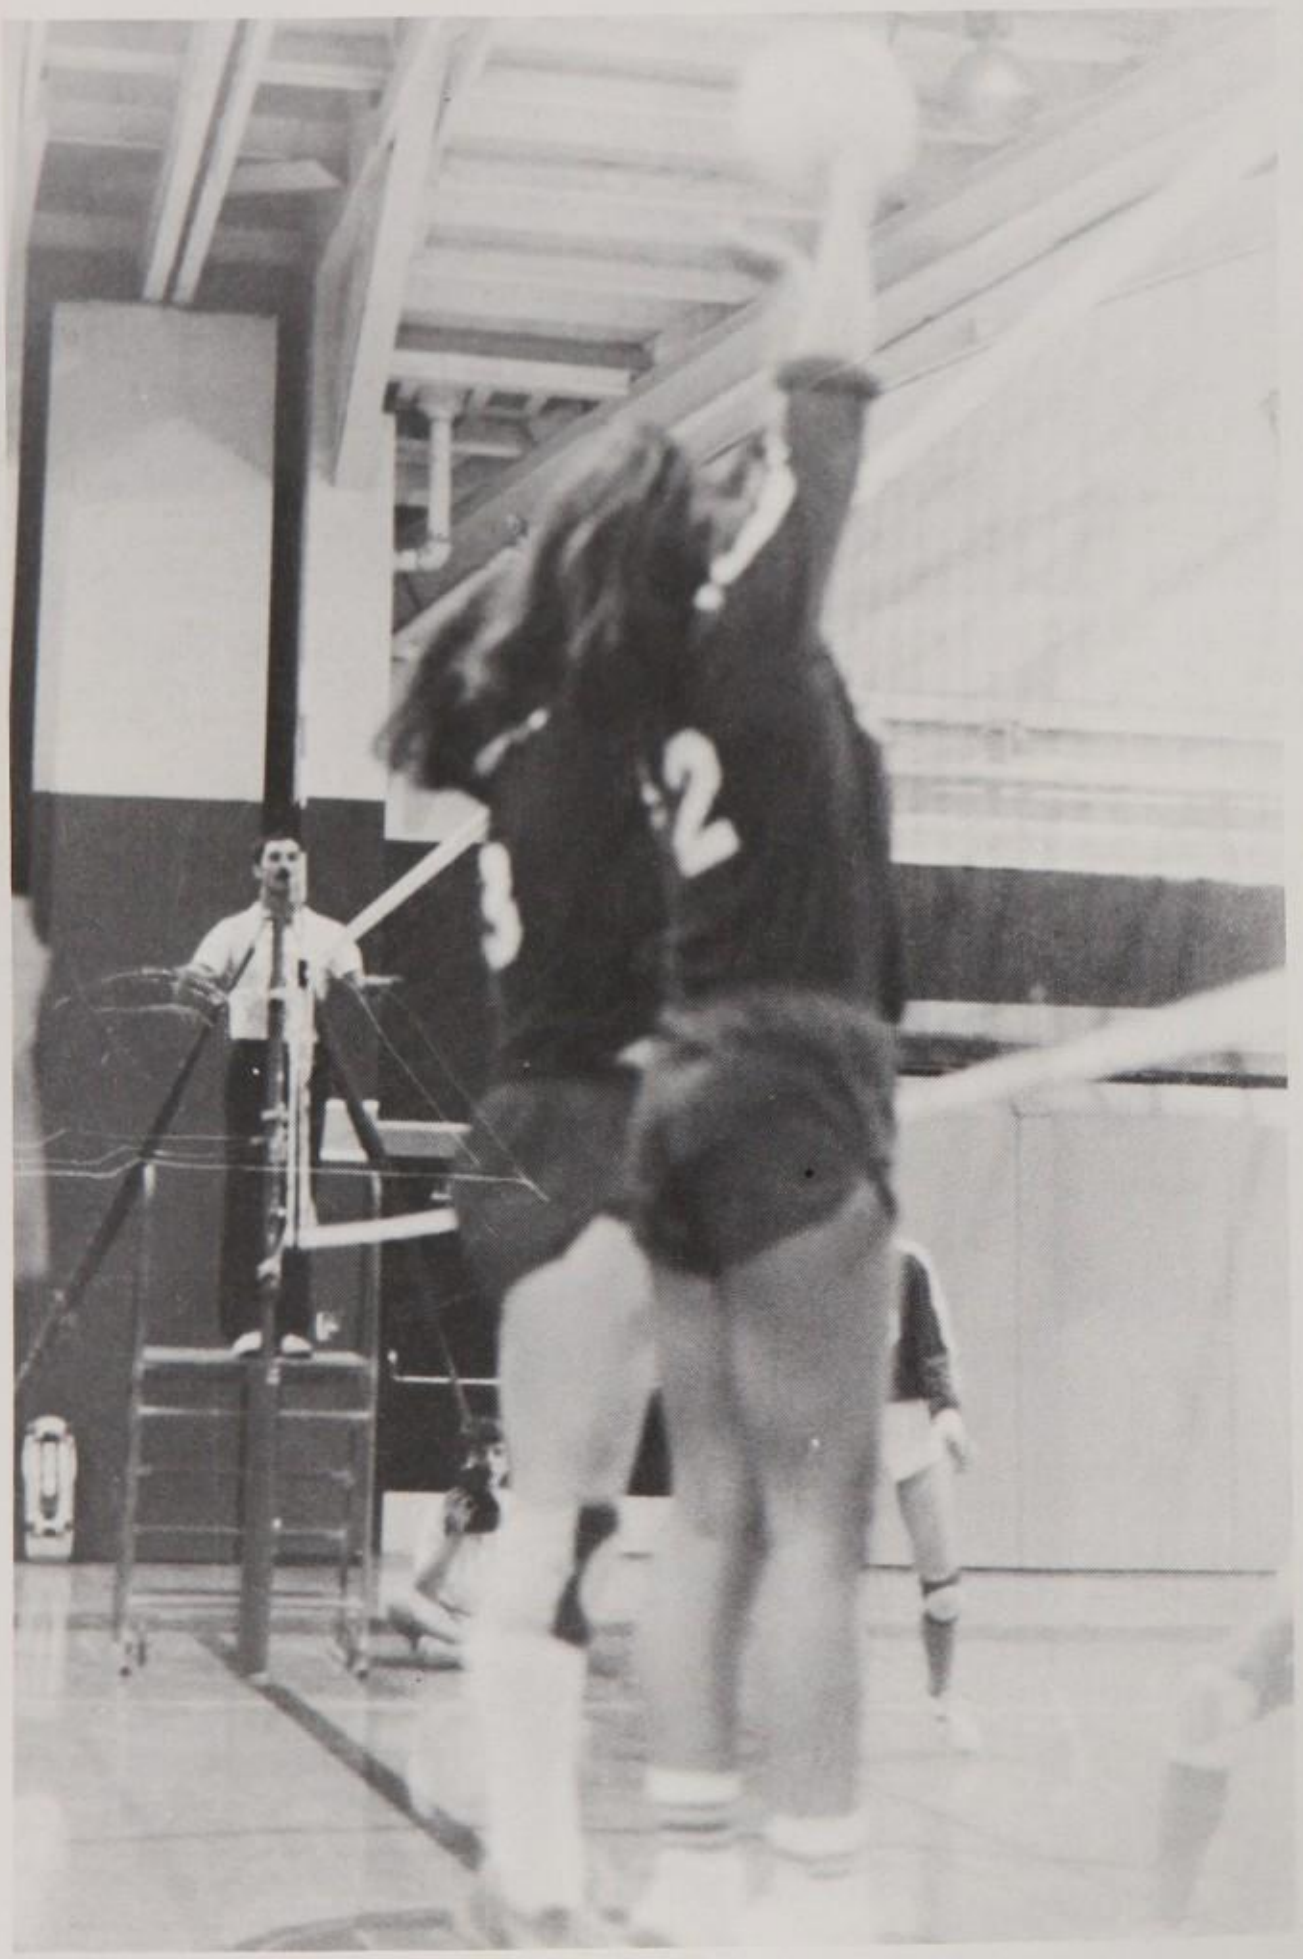
Juri Returns To Tam Volleyball



This year's volleyball season displayed a good example of talents, hard work, and competitive spirit. The team just ran out of time to prove it. Beth Juri, Varsity coach, was outstanding in sharing her enthusiasm for the sport and supporting each team member. Her main goal was to teach the technique and strategies of the game rather than just "playing to win."

The team had some very talented players. Nicole Kaneko, the team captain, was a great hitter as well as a strong back row player, displaying some biting spikes down the throats of the opponents. Krissie Nolan and Georgi Stocker were the two top setters proving their dependability and agility. Amy Bennett and Barbie Gozelski, were two powerful servers, rounding off the team's special talents.

The junior-varsity team had a well-balanced group with quite a few strong, talented players. Coach Janice Villasenor gave every team member a chance to play, allowing an opportunity for beginners to learn and develop their skills. This team was highly spirited and multi-talented, hopefully, leading up to a strong Varsity team in future years.

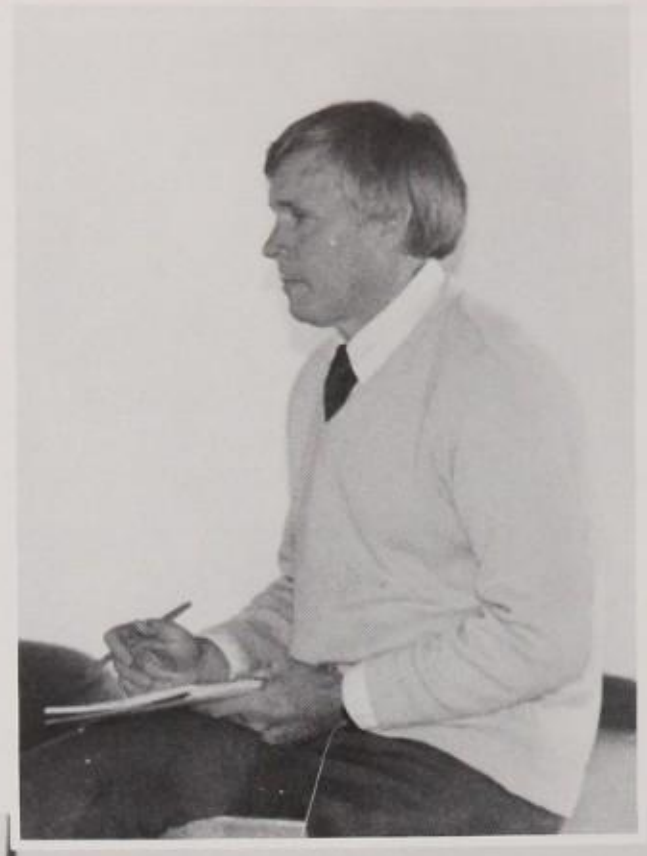
MOCK SENATE



Photographs By
Stephanie Curran

Spearheaded by Tam's famed Constitution teacher Pete Belden, the annual Mock Senate was again a rousing success. Seniors from Mr. Belden's three classes gathered at the Mill Valley City Council Chambers on January 11 for a full day of experiencing the reallife frustration and strategies that the United States Senators go through daily.

In the process, the students go through the entire scheme of writing their own bills, pushing them through committee, and, hopefully, through the Senate on the big day.

This year's Senate was a classic. It featured the majority Republicans struggling for unity and sometimes achieving it while the minority Democrats scrapped together and surprised the Republicans on a couple of occasions. Each party was led capably, the Republicans by the cool and smart Brandon Spars, and the Democrats by the wily and scrappy Chris Whiting. Included in bills that passed were a pro-American auto bill, the legalization of marijuana, and a bill which cracked down on illegal aliens.

The students considered it an incredible experience. Said one, "Going through this whole process teaches me much more about the Senate than I could ever learn in a book." Many found it just downright fun. Summarized Senator Neal Winterling, "I wish we could do this all the time!"

1- Senators listen intently to the arguments for a bill.

The fall semester of the Tam News, spearheaded by Editor-in-Chief Mari Greenbrg, was a big success. The over all improvement of the paper was the result of a dedicated staff and hours of work spent in the layout room. This and more brought a cleaner more thoughtout final product. Without a doubt the most substantial accomplishment achieved by the staff was the issue devoted to questioning the Cocaine use at Tam. This issue raised the eyebrows of many students and let people know that there was more than movie reviews inside the pages of the Tam News. The semester came to an end with a stunning cover shot of a student caught in the winds of turmoil during arena scheduling. The second semester staff was led by Editor Kevin Mirsky.

THE CENTER OF KNOWLEDGE

As a haven for diligent students, as well as for outgoing socialites, Tam's bustling library displays the essence of our entire school.

Book pages flipping, notes scrawled earnestly, and friends emmersed in merry chatter are the frequent scenes of this place. To a stranger, these varied activities perhaps seem to induce chaos, but any Tam native knows that the freedom and diversity allowed here are due mostly to the strength of Jo Ann Peltz and Norm Rogers.

Divided rooms separating students who favor silence over conversation are controlled by these two, effectively creating a place for all to feel comfortable. Perhaps it is the securing feeling that led to the nicknames "Ma" and "Pa" for Ms. Peltz and Mr. Rogers. The library does feel like home.

With Mr. Rogers' endless efforts prying information out of mysterious books to help a student finish up a research paper, and Ms. Peltz's attentive ear listening to astudent's woes, the enthusiasm and commitment to a helpful environment is evident and respected.

The contributions of Ms. Peltz and Mr. Rogers, and of each student to maintain a place of learning and fun, make our library the important part of Tam that it is.

WEEP

The Work Experience Program had done very well this year at Tam despite lower enrollment. Under the guidance of Duane Smith, it had much to offer to students. Divided into two categories, Work Experience consisted of General Work Experience, Vocational Work Experience, and Distributive Education, which were all job-oriented (and paying) and Exploratory Work Experience Education, which was not job-oriented and non-paying.

The Exploratory program has been a new program at Tam and not many students enrolled. Designed to give the student a chance to see for him/herself the inner workings of a specific business, occupation, or profession, it prepares the student for the future by finding out where his or her interests and abilities may lie. Exploratory programs were available in the fields of banking, law enforcement, pharmacy, and many others.

The Work Experience programs have worked for many, and can work for you.

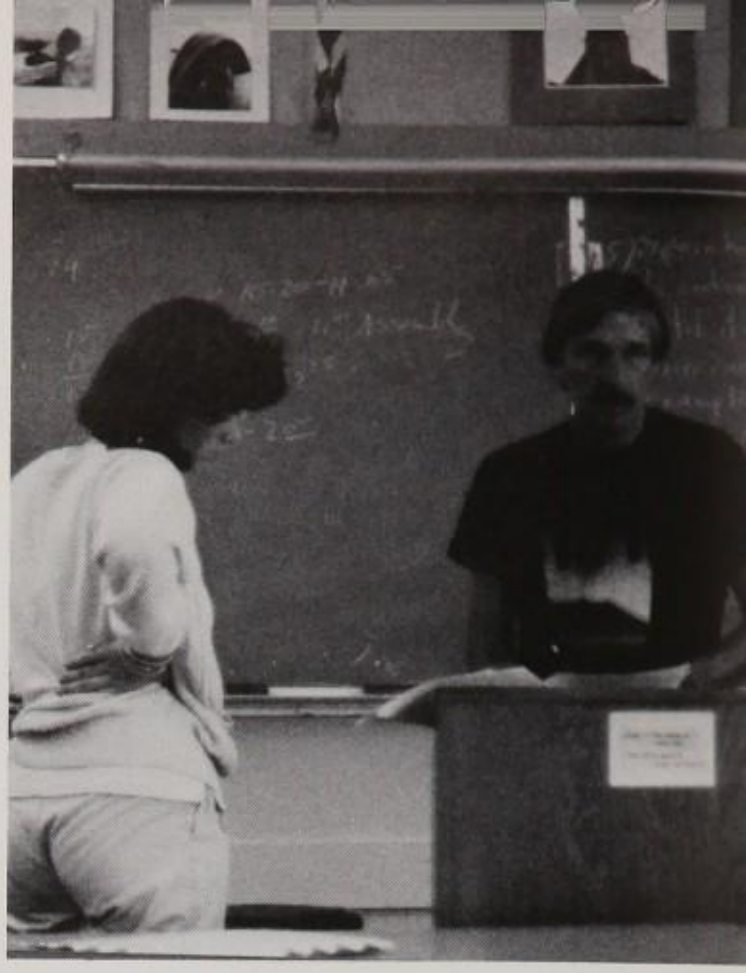
PAI STAFF



Editor Navone/Advisor Fregulia

This year's yearbook staff was not as organized as it has been in the past. Due to cutbacks, there was no longer a class space in the English department curriculum. Instead, the yearbook had to be put together and completed during lunch and afterschool. Photographs were taken largely by the photography classes and Matt Capron. The Tam News helped out by writing a lot of the copy needed in the yearbook. Layout for the class sections was put together by a few very helpful students during their lunchtime, but most of the work was done by the Advisor, Dick Fregulia, and the Editor Amy Navone.

Varsity Cagers Make Playoffs

Top: Eberhart takes ball upcourt.

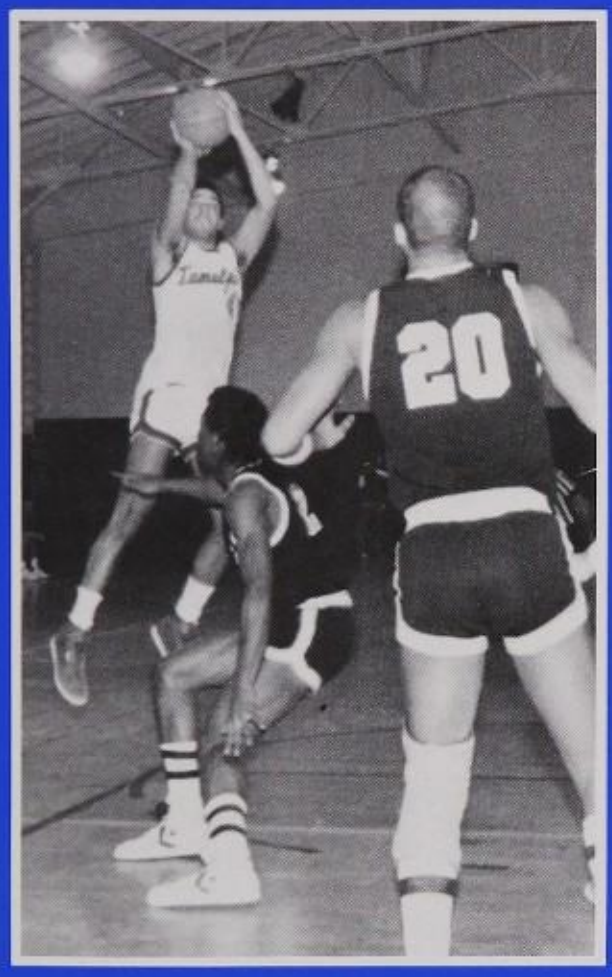
Varsity Boys Left to Right; Asst. Coach Kevin Alexander, Steve Ashby, Sandy Murray, Brian Murphy, Vernon Clark, Jeff Eberhart, Kolya Hardy, Rusty Wardner, Neal Winterling, Jason Weinberg, John Carillo, Rene Harris, Coach Ethan Winterling.



Below: Coach Winterling emphasizes his defense.
Above: Rene Harris gets up Jumper while Weinberg and Winterling wait.

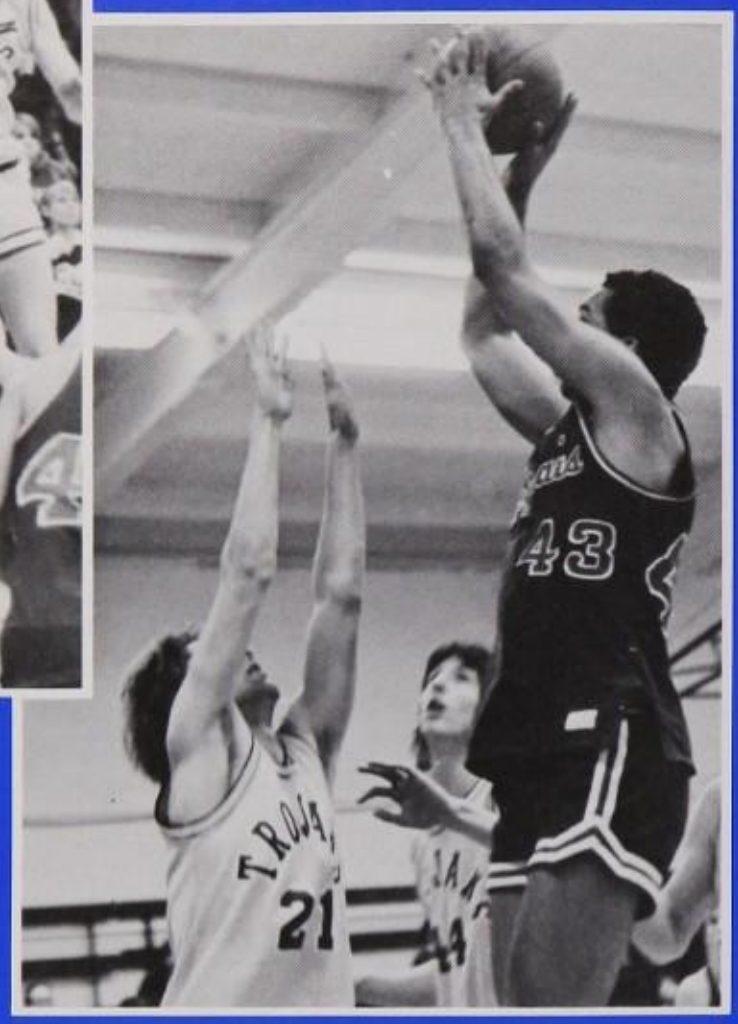
On Friday, February 22, at Redwood High, in front of an extremely enthusiastic and spirited Tam crowd, the boys varsity basketball team, led by second-year coach Ethan Winterling, did something no varsity team at Tam has ever done. They played in the MCAL Championships. Since the origin of the playoffs in 1975, Tam has never made it.

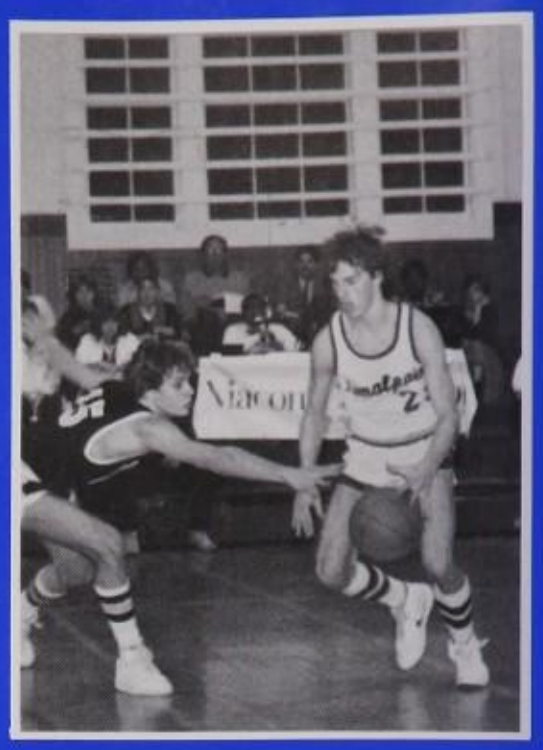
Until this year, the boys finished in 3rd place in the MCAL with a record o of 8-6 (13-13) overall, earning the right to play second-place San Rafael. After upsetting them, 52-44 in overtime, the boys fell to league legends Drake High 46-27 in the Chamionship game.

The team actually struggled in the pre-season, compiling a somewhat weak 5-7 record. In addition, they lost their first two league games before turning it on to win 9 of their final 14 games, including two wins over arch-rival Redwood, one of them an 83-76 barnburner that will not be easily forgotten.

Tam was led by outstanding junior guard and first team all-leaguer Kolya Hardy. Hardy, who averaged 12 points a game, dazzled crowds across the county with near-professional passing and dribbling displays. Another major ingredient of the team's success this year was the transfer of 6'4" junior center Rene Harris from Riordan. Harris provided the muscle underneath that Tam needed so badly to be a contender.

Yet another junior, Jeff Eberhart, who sat on the bench for the first half of the season, showed what he could do when given the chance. The 5'9" Eberhart lit up the gym for 16-18 points on more than one occasion and rebounded strongly. Senior Neal Winterling also had a fine year, winning Most Outstanding Senior, while senior Kurt Clotfelter's promising year was cut short with injuries.





Top Left: Weinberg goes in off the glass.
Top Right: Winterling dribbles away from defender.
Middle: Harris goes up over everyone.
Right Middle: Coach Winterling and Weinberg pose as celebrities.

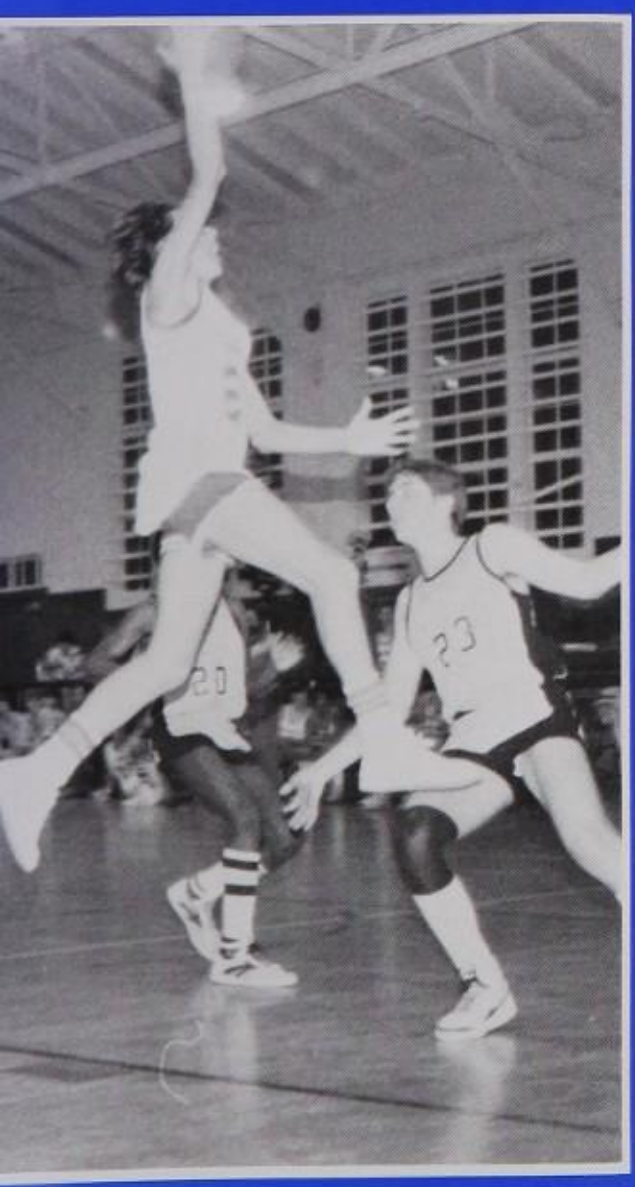
JV's Win MCAL

J.V. Boys: Left to Right-Top: Coach Dave Distal, Justin Gallen, Jon Kashare, Sean Lamb, Jerry McIntosh, Scott Radell, Bottom: Kenny Monge, Lerone Page, John Redner, Kai Vance, Bobby Kral, Bobby Knee, Chuck Brumfield.

Bottom Left: Monge shoots on the run. Bottom Right: For Kashare an easy two.



This year the J.V. boys basketball team captured the top spot in the MCAL with a 13-1 record.

The season has been one big dream come true for the players, coaches, and students who witnessed a Tamalpais basketball team go 25-2 overall, when they were just trying to improve on the teams last season losing mark.

Tamalpais with their first title in 19 years, finished with a little iceing on the cake as they made Terra Linda pay for handing them their only defeat earlier in the year.

You probably won't see another Tam team with three players over 6'5" for another 19 years but aren't you glad you were the fortunate ones to witness them.

Jon Kashare one of the towers himself, added that being all gods had something to do with it.

The J.V. boys may be moving on to varsity next year but let's not forget quite yet about their seemingly unattainable feat.

Girls Varsity Desire, Deter

This year the girls basketball team worked extremely hard. Although lacking experience, the team had dedication and learned quickly. Besides the regular after school practice, the girls practiced on Saturday mornings as well. They started off right this season with a pre-season record of 3-4, only to have the only perfect record in MCAL with a 0-14 record. Despite the dim season, Coach Chavez states, "If desire and determination were able to win games, we'd win most of our games."

Girl's J.V.'s 'Survive'

The 1984-1985 Girls Junior Varsity Basketball team completed their season with a league record of 3-11.

Though their record wasn't that great, it was expected. Their team only had four returning players out of a nine person team.

Because of these handicaps, the team had to practice much harder to be any kind of competition for other teams in their league. During their practice, the first-year players proved to have talent in the sport, and with a lot of help from the four veteran-players, they managed to keep an even record of 2 wins and 2 losses during the preseason games.

Once the league games started, they had an unfortunate downfall. They completed the league season in last place.

Middle Left: Dominique Delagnes leaps for the ceiling but must wait for the ball to come down.
J.V. Girls: Coach Julie Lanzarin, Renee Bertolina, Nicole Bonfilio, Wendy Cagwin, Dominique, Delagnes, Hope Farmer, Nicole Howard, Jenny Laurel, Lisa Monge, Saskin Spearman.

Rebuilding Year For

The Tamalpais Indians wrestling squad, coached by Julian Lathan, began this year with one major task in mind. To rebuild this years squad, after a major loss of veteran wrestlers to graduation.

Lead by coach Lathan, Tam began the process of rebuilding through tough and strenuous workouts. Due to the small size of the team, Coach Lathan devised a more strenuous workout to speed up the progression of the team. This workout improved the novices and the veterans.

Tam Wrestling: Colin Anderson, James Asher, Antoine Austin, Doug Baer, Vinnie Bruvry, Chris Cassee, Russel Driver, Sean Dunston, Matt Epps, Mike Galbraith, Mike Giusti, Jimmy Hemphill, Ron Horch, Chris Keeley, Ben Lull, Kevin McNeil, Steve Nolan, Tony Randazzo, Jason Redding, Greg Russell, Steve Trigoning, Jono Weinstein.

Freshmen Boys Basketball

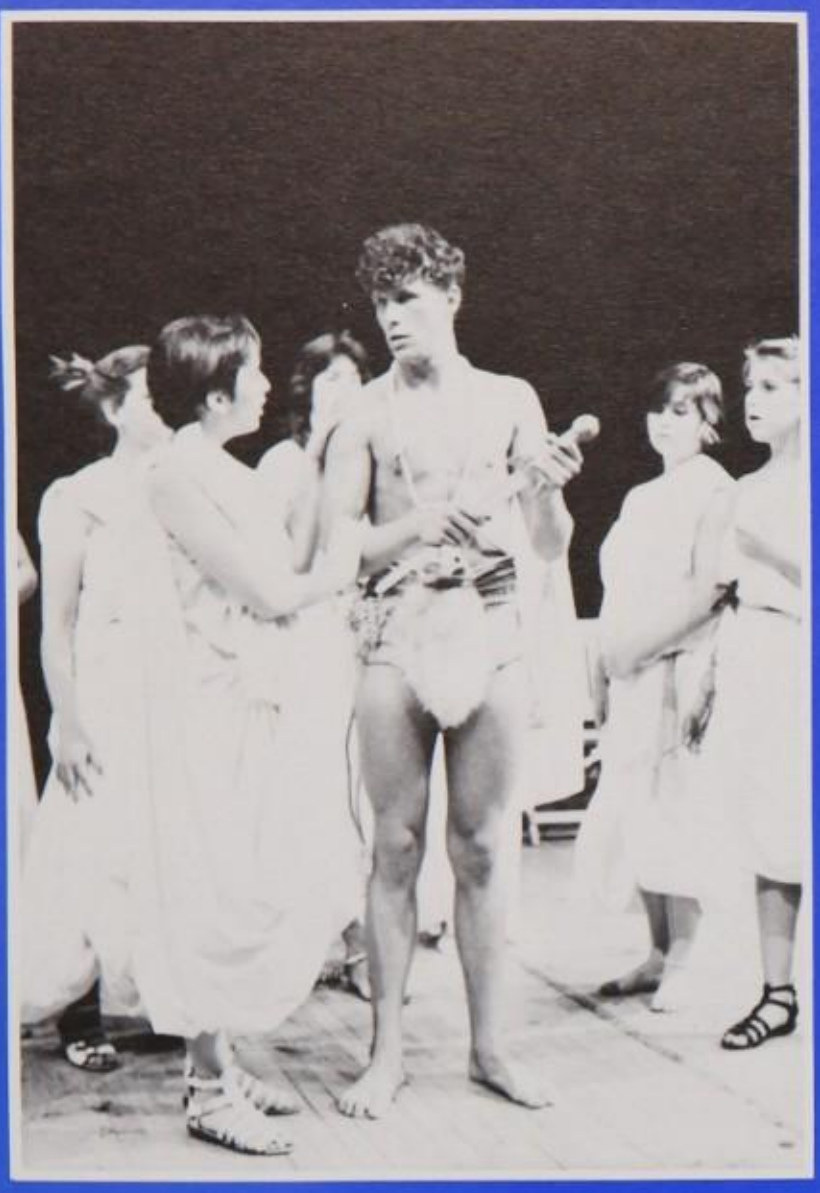
Lower Right: Sean Dougherty loses tip. Freshmen Boys: Matt Kelly, Darrell Roary, Ryan Yanagita, Phil Wardner, David Shaffer, Matt Cassee, Michael Fogelman, Mark Mason, Sean Dougherty, Jason Levin, Mark Burr, Devin Horne, Karl Oyen, Jason Callert, Chris Blothazard, John Kroloff, John Siedman, Kevin Aguntas.

Tam Wrestlers

As the year progressed, some of the veterans showed that they had what it takes, by placing high and making it to the North Coast Sectionals. These wrestlers were Matt Epps (heavyweight), who won his division, Vinnie Bruvry (134), and Ben Lull (128). Steve Nolan left his mark on the season by finishing with a (27-7) record, the best in the M.C.A.L..



The Ensemble Theatre Company

The Ensemble Theatre Company is a student-run, non-school funded organization in its eighth year at Tam. The company, combining all levels of drama, involves itself with many new, untraditional productions. Money needed for equipment is raised through their many fund raising events ranging from bake sales and t-shirt sales to the annual Dance-a-thon. ETC is also partially funded by the Buck Foundation. This money is directed mainly to the full time staff and special guests.

ETC presented its annual One Acts Festival in January. It consisted of six traditional plays and four original works written specifically for the Festival. This year's plays included Jules Feiffer's "Hold Me", Arthur Kopit's "Chamber Music", Senior

Brian Evjenth's "Headstrong", Jeff Shepard and Bob Lesoine's "Reason Enough".

In March, ETC presented "Sincerely Confused" a collaberative work by some ETC students and members of the special education class. The show was based on the adolescent advice column, "Dear Beth" and focused on peer, school, and family relationships.

Also in March, they presented their annual Family Theatre Festival. They showed four plays for all ages in reperatory, "Alice in Wonderland", "Wizard of Oz", "The Magic Fishbone", and "Every Moral has a Story".

The Ensemble Theatre Company had an extermely successful year.

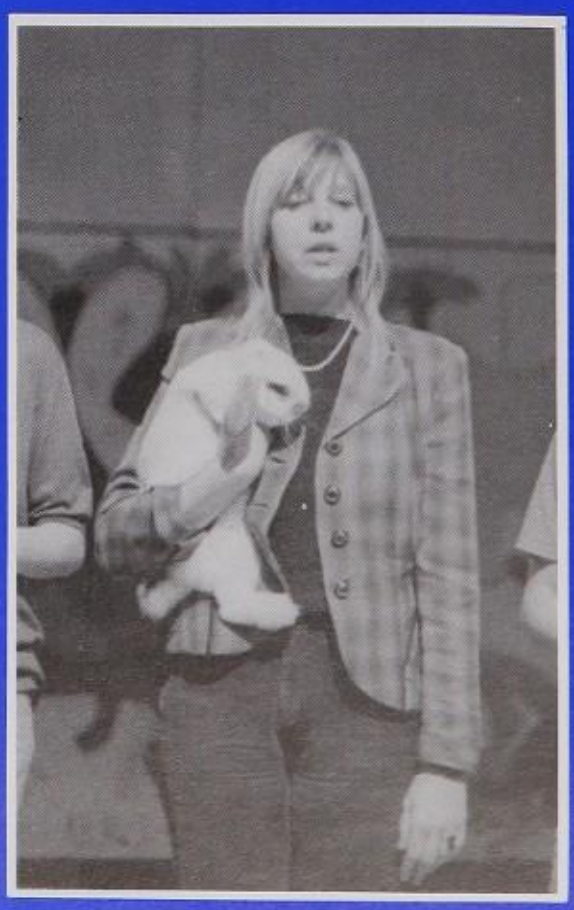
(above) one of three plays from "Animal Rights;" "Don't Be Cruel (to a Heart That's True)"; (below) Michelle Swanson; (left) another scene from "Animal Rights".

ETC held its 6th Annual Dance-a-thon on October 27th. This years 12-hour dance marathon was more than just a major fund raiser. It was a lavish production including guest appearances by Pons Maar (actor), Busy Petroff (actress), Mike Pritchard (comedian), Roger Nieboer (actor), George Wiley (female impersonator), and the Stick Figures band. Vignettes from different historical periods and cultures were directed by Ellen Sebastian and Jack Carpenter. Students and local DJ's spun records and there were specific music hours highlighting 60's girls groups, Beatles music, and 50's rock 'n roll.

ETC presented "Don't be Cruel (to a heart that's true)" in February. This was a compilation of stories written by Marin school children about animals and the way that we treat them. The material included stories about pets imaginary animals, and animal rights issues. The play included songs, sign language, and movement.



In November and December, ETC presented Alfred Jerry's 5-act play, "Ubu Roi". "Ubu Roi" was a strange, surrealistic parody of *MacBeth*. First staged in Paris in 1896, "Ubu Roi" was set in an imaginary Poland and chronicled the rise and fall of King Ubu, played by Brian Evjenth. "Ubu Roi" was directed by Jim Cave, ETC's Technical Director, with the help of directors Ray Jivoff, Michelle Swanson, and Ellen Sebastian. Evie Lewis Choreographed the play and Jack Carpenter was the Lighting Designer.

Deirdre
Baby Baby, it's like I haven't talked to you in about 6 months. That's probably pretty true. I can say is that I have a lot of very good memories of being with you. Deirdre you are a very rare, unique girl. You're extremely good looking & getting cuter every day and you have one of the most vivacious, disarming personalities of anyone I know. We were quite a pair! I still like being with you but it always feels kind of strained because I don't know where it's at but we should do something about it I really would like to be great friends. Besides Deirdre Baby Baby I loved you and always will love you, Love, Kurt

So, Deirdre –
We partied it out together in nursery school, we are partying it out in H.S., and college will be fun. I really am glad we know eachother and that we will always be friends. Cut my pen is starting to work again – never mind. Lets do something this summer when I get back. We could rip around in our Atlas and go to Mexico. And, even though its against my religion, I'm going to switch pens so that I can go CRAZY. I'll give you a call or something this summer.
So, just so I can write in strange places, I think I will carry this out and say nothing of importance. Pretty Crazy, isn't him? I don't know what to say. Most of

Tam's Varsity Boys Track Team has always been on top of the league. With Mike Coffino is discus, Sandy Murray in anything from the 440 to the 2-mile, Jed Nicholson taking over the mile and the amazing speeds of Anthony Whittley in the sprints, the team looked good. It was complete when record-breaking Sophomore Derek Clotfelter was added to command the 880. In the second meet of the season, Clotfelter shattered the Frosh/Soph 880 record with a time of 2:04.1 The team looked tough to beat.

The MCAL has been looking at the backs of the Tam girls track team for many seasons, and this one didn't look any different. With Kristine Babenco and Mia Kotschnig in command of the 100 low hurdles, Gina Anderson taking control of the 880 and the mile and Denise Belanger leading the sprints, the team was enough to scare anyone. But with the additions of record-breaking Freshmen Tressie Millender in the shot put and discus and Millie Green in the high jump and triple jump, the team looked great. The Girls opened up the sesao season with an 82-43 win over San Marin, and were looking at a promising season.

Tam's Frosh/Soph Track Team looked like the ones to beat for the MCAL title. With Ron Sakamoto leading the pack in distance, Russell Driver controlling the sprints and newcomer Erik Suppiger taking over the pole vault, 70 High Hurdles and the High Jump, the team looked fierce. The Indians opened up the season with a 51-85 loss to San Marin, but came back to beat Drake 76-62.

TAM HANGS TOUGH

At presstime, the Indian Baseball team held a 4-3 record going into their 5th M.C.A.L. game.

The Indians, though not expected to finish high in the standings at the start of the season, had already surprised a few doubters after very strong outings against McAteer of San Francisco, Vallejo High School, and M.C.A.L. rivals San Rafael and Novato. The hitting, as expected, had been strong, but the pitching turned up a new star. Jason Weinberg, 2-0 at presstime, had surprised opposing teams with a zippy fastball and a wicked curve. Jason will surely be in the running for All-League honors this year.

Kolya Hardy, Tam's 3 sport sensation, will also Compete with Weinberg for All-League honors for his certerfielder's role.

Captains Adam Berkowtz (LF), Eric Johnson (3B) lead the team into what they believe will be Tam's first playoff appearance in years.

Coach Dave Distel had high opes going into the season, and, now at 4-3, the seasons' goal has almost been accomplished.

Softball

The girls varsity softball team looked very competitive this year. Being able to put a solid nine players out in the field for the first time in a couple of years was a big factor. Having two of the best girls in the league on the team certainly didn't hurt. Vyanna Vendel and Emily Judd were the two definite team leaders. But you can't have a good team without a team. The softball was a team, almost like a family. They were all good friends, GOOD friends. No matter what the score was they always left the field with smiles. Too bad all teams couldn't have fun like these girls. GOOD JOB!

Tennis

The future of Tam Tennis is looking good, as this years team will be challenging for the top of the MCAL all year. The netters are led by seniors Chad Andrews, David Silberman, David Jay, Kit Sefton, Jamie Lloyd, Todd Ritola, and Wayne Lang all of whom are at the top of the ladder.

Juniors Stan Sugarman, Ben Falge, Ashwain Gulati and freshmen Randy Char and Jeff Mao are supplying tough competition though.

Tam's everything number one player, Chad Andrews is a hopeful to capture the MCAL singles championship. Tam also possesses David Silberman and Jamie Lloyd two of the great atheletes on the team. While this seasoned team has many upper classmen the two freshmen mentioned are shoe-ins to stir up noise in the years to come.

Wayne Lang and David Jay are two of Tam's most consistent players. If these guys are playing well they could carry the team all the way to the championship.

Head coach Ed Chavez is pushing on Tams best Tennis team in some years with all his might, and hopefully that will help this team to reach some very special goals.

Golf

Left to Right: Jason Dudley, Jason Begley, Darin Delagnes, Bobby Knee, Kai Vance, Chris Begley, David Weisman, Vince Chabria, Mike Nattkemper

Below: Chris Begley puts it down

The surprising Tam golf team who went 6-1 pre-season and are at press time 4-0 have some local golf fans thinking about a championship.

First of all Tam has the talent to win a championship but the question remains; can Tam beat Marin Catholic who just seems to win the title every year. Also there are those boys from Redwood who will not backdown to anyone. But Kai Vance, Darin Delagnes, Bobby Knee, Jason Begley, and his brother Chris will have their say as well.

If there is any team that is as heavily favored not to win the title and many just do it is Tam who has the best opportunity in years for a championship.

The first five of Tam's winning combination are set as their sub 40 avg. has them locked into a starting job for the rest of the season. But as for the sixth ingredient no specific player has been chosen. Mike Nattekemper, David Weisman, Erik Stocker, and Vince Chabria all have a opportunity to make it, but at the present neither has swung himself to the top remaining spot on the team.

Swimming

The 1985 Bonehead Aquatic Squad got off to a tremendous start this year by tying the national champions in a head to head meet. One of the teams four year stars has been senior Neal Raynor. In a pre-season interview Neal has this to say of the fourth team he has seen.

"This is a powerful team . . . I expect to be able to take the Trojans apart molecule by molecule. At this point it's still quite early (March 27) but I see this as being one of the greatest Bonehead teams in recent history.

Naturally deadlines do not allow for conclusions on the Boneheads season however, with seasoned veterans like David Hagen and Shanna Doherty combined with the incredibly dominant Sam Schwartz its clear that this years squad was a force to be reconed with.

Soccer

The girls varsity soccer team was one of the best ever. With veteran girls, coming from the J.V. and girls who just came out for this team, turned out to be one of the finest.

I think this is because of coach Janis Nuccen's "Fun but efficient" style of coaching. Watching the girls play was like watching the pros, watching them practice was like watching Romper Room, a bunch of people having the best time they ever had. Of course sometimes practice was hard but more often I saw them enjoying themselves instead of complaining. Hopefully coach Mullen will be around to coach for awhile because I didn't think soccer was ever that fun.

Volleyball

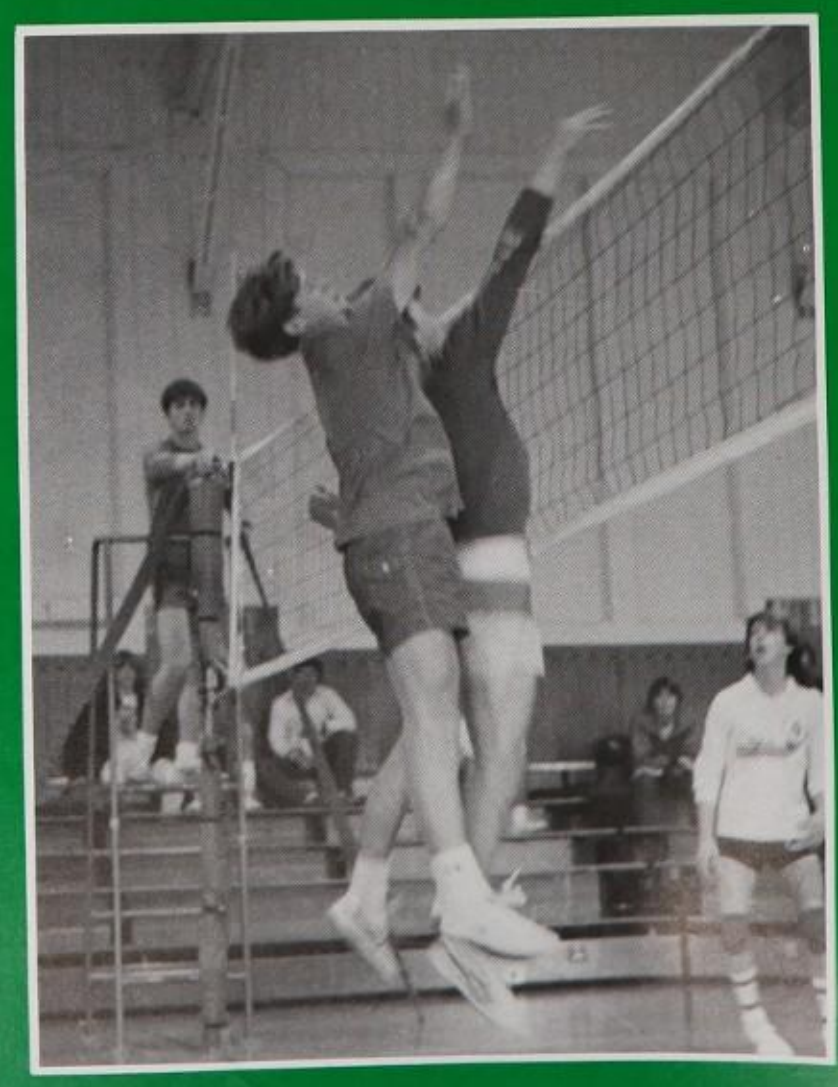
Volleyball: it's a fast-paced, competitive, team sport that requires finesse and power and physical and mental ability. It's also becoming one of the most popular sports here at Tam.

This year the varsity boys were led by returning players Brenden MacAninch, Neil Winterling, Kurt Clottfelter, and Bruce and Bob Airey. With the loss of many of last years seniors, there were many spots to be filled on the twenty-four man roster. These spots were filled by the likes of Sean Lamb, Rich Godino, and others. Ms. Juri, who now teaches at Drake, came to Tam to coach.

Tam's schedule found them playing teams with different levels of skill from all over Morin Co. and the Bay Area. Redwood was the only other school in our district with a team.

The team, consisting of mostly new players, had some rough spots getting used to playing with each other. As junior Tim Navone said, "We've had some problems early on but as the season progresses we're getting better and better."

Regardless of their record, there is no doubt that the team enjoyed themselves. Jon Kashare, a junior in his first year on the team, said, "It's mentally and physically competitive, and more fun than MTV."



STUDENT GOVERNMENT AT TAM

Despite a shaky start with a floundering first day assembly, this year's Student Council quickly pulled themselves together and effectively pursued the goal of involving and unifying the student body.

Reflecting their ambition, a huge bulletin board was erected in Keyser Hall in early Fall. New ideas mixed well with tradition during Spirit Week, when zany Mad Plaid was introduced and successful Twins Day reappeared. All in all, Homecoming Week, the Game and the Dance proved fun for all of the many participants.

The Winter Assembly brought forth more shared laughter when the dynamic Elves and modern Santa fought forces on stage. Candy Canes were reintroduced to the classroom, and it seemed that more students became involved and enjoyed themselves than ever.

Open Mikes and a Suggestion Box were evidence of a determined Student Council. Further evidence of their efforts to unify the students promises to be the Homeroom Plan. With overflowing ideas and commitment to a goal of student involvement, it seems this year's Student Council will assure a Springfest and Prom like no other.

Hair It Is

Hair fashion is very unique in its style and varies from each individual. Hairstyles like fashion always change with the new trends. We have many trendsetters at Tam, varying from the punk hairstyle, the bob, or even the preppy look; to the new wavish hairstyle. Colors are also popular this year. Shades varying from reddish-orange to blue or even dark black. For the guys, longer hair seems to be the new style for 1985. Short surfer type haircuts are also popular and still can be found a lot around campus.

Hairstyles are just one way of showing the uniqueness of a person. Tam is known for the special styles of individuals and hairstyles are just one way of showing off that special quality that Tam is known for.

Cars On Campus

Photography by Mike Martinez

For many years cars have been the traditional symbols for the teenage student. They can vary from a little "get me there" to a high pace hot rod. Having a car is the key to beginning one's independence from the home, and into social life. Cars can be a symbol of one's personality as well as transportation while at the same time they can become a financial burden.

Cars at Tam range from super sport Toyota Celicas, El Caminos, and Mustangs, to the lower middle class American Pintos and Bugs.

Trees . . .

Deirdre-
well, you eager
you, the summers almost
arrived- all the more time
to rage some more! Well to be
finally had the chance to
get to know eachother a
little bit better. (Before I
only knew you through Andy.)
Good times are ahead, so
hang in until the end
of school and
get ready for summer!

Fridays

Photography by Rachel Webber

Wht is it about the word "Friday" that can bring a smile to just about any face? Could it be the excitement pending for the weekend ahead, or the big parties held on Friday nights, or how about it being the end of the school and work week?

Fridays are usually a cheerful day coupled with a whole lot of excitement. Just the thought of a relaxing weekend ahead is enough to make Fridays so popular.

Around school campus', students like Susan Nitzel jump at the word "Friday."

Fridays are so terrific in fact, that an anthem titled T.G.I.F. (standing for Thank God it's Friday) has been written.

Lacrosse Comes To Tam

Above: Goalie MacDonald crouches to face attackers. Middle: Team captain MacDonald and Freshman David "Goonsquad" Hood dive for a live ball Bottom: Tools of the trade

Lacrosse came to Tam High in full force this year. The club, spearheaded by Junior Malcom MacDonald, provided the catalyst for young inexperienced lacrosse players to explore the sport as well as an intense competitive medium for veterans of the sport.

While only in its first year, the club finished the season undefeated and will hopefully return next year under the steady hand of MacDonald.

Freshmen

Dierdre,
O.K. so I copied you! This year has been crazy! completely insane. I guess you're right that Its been since Freshman year since we got along. I cant really explain what happend with us because I dont think I know. I dont think you know. Its just so strange. I guess It started with some wierd jealousy thing. It got carried away. I think things will kind of mellow out in every aspect and I know that we have it in us, somewhere, to get along! (How dramatic) I dont know what to say about this year except I'm sorry if I did anything to hurt you. I really (seriously) hope to see this summer. I know I will. and I know that we have two years ahead of us to clear sophmore year away and start up a friendship. Theres so much bullshit around these days and I'm so sick of it. It's so much better just to get along.

Love, Sarah

P.S. anytime you want to call. Do IT!

CLOSE UP

Tam Invited To Capitol

The Close Up Foundation, the nation's largest government studies program, for the first time invited Tamalpais High School to participate in a week-long series of seminars in Washington D.C. Tam students joined with several hundred other students and teachers from the Bay Area during the week of Feb. 24, 1984

Close Up, a non profit, nonpartisan educational foundation, was founded in 1971 to acquaint high school students with the federal system of government. Since then, more than 140,000 participants have "graduated" from the program.

Close Up takes students out of the traditional classroom and places them in the classroom of Washington, D.C., where lobbyists teach them about lobbying, journalists cover the media, and representatives from the legislative, judicial, and executive branches of government discuss their roles. In addition, members of the Close Up staff work with students from early mornings to late at night in small workshops.

There was also time during the week for students to tour the city, attend a live theater performance, spend one afternoon exploring on their own, and enjoy a final group banquet and dance.

The students from Tam traveled to Washington, D.C. with Norman Rogers, Tam's librarian, who served as teacher/coordinator for the group.

Life has loveliness to sell -
All beautiful and splendid things,
Blue waves whitened on a cliff,
Climbing fire that sways and sings,
And children's faces looking up
Holding wonder like a cup.

Life has loveliness to sell -
Music like a curve of gold,
Scent of pine trees in the rain,
Eyes that love you, arms that hold,
And for your spirit's still delight,
Holy thoughts that star the night.

Spend all you have for loveliness,
Buy it and never count the cost,
For one white singing hour of peace
Count many a year of strife well lost,
And for a breath of ecstasy,
Give all you have been or could be.

Hi Deidra -

How ya doin? Well this has been a very good year. Hope we both make it to Spain is 84.

If NATE's back we should try & get him kicked out.

Have an excellent summer.

Hasta la Rasta.

Screw Ragers Unite. You have a couple more years we both know, so make the best of them and enjoy. We will have a Blast this summer. Take Care of yourself Deirdra.

Love ya, John Sekis

Deidra I don't know what to say, I know you're only moving away, but it was pretty crazy there with you. Have a great time, and be sure to write me. Kelly

Well D. I dont know where to start. It has been really killer getting to know a person as sweet and cheerful as you. You are a memorable part of my life! Summer is almost here, and my Grad night is coming closer! It is incredible how good of friends we have become after that radical basketball class. I'm so glad that you were the one to come with me to the prom, the only problem is that it went by too fast! Even though, I'll always remember that night and especially the special person that came with me. Let's keep in touch over the summer, so that you can drive me around in the affa, and go drink beers at Stinsons. Good Luck next year, and dont forget to play endless basketball.

Love Always,

DEIRDRE,

WELL, I DONT KNOW HOW TO START THIS OFF BUT I NEEDTO PUT A COUPLE OF BULL-SHIT LINES IN AERE AT THE START BEFORE I CAN PUT WHAT I REALLY WANT TO SAY. I VALUE YOUR FRIENDSHIP - A LOT. WE'VE KNOWN EACH OTHER FOR A WHILE NOW AND THERE SHOULD BE A LOT FOR ME TO SAY I GUESS THERE IS. I will MISS YOU WHEN IM AWAY AND LOOK FORWARD TO PARTYING WITH YOU WHEN I GET BACK. AFTER All THE THINGS WEVE BEEN THROUGH YOU WERE RIGHT IT WAS BETTER WE NEVER GOT TOGETHER OTHERWISE WE PROBABLY WOULDNT HAVE THE FRIENDSHIP THAT WE DO NOW. HOWEVER - I LOVE YOU AND ALWAYS will. I REMEMBER HOW I USED TO GET WAY FUCKED UP AT BARRYS AND YOU WOULD PRACTICALLY CARRY ME TO BED, AND YOU ARE ALWAYS THE ONE RESPONSIBLE FOR ME HAVING BLANKETS AT NIGHT WHEN IM TOO DRUNK TO GET THEM FOR MYSELF. I THANK YOU FOR All THE TIMES YOUVE TALKED TO ME AND CHEERED ME UP OR CALMED ME DOWN, YOU ALWAYS COULD DO THAT - I THANK YOU FOR All THE GOOD MEMORIES YOUVE GIVEN ME. THEY FAR OUTWEIGH OUR LITTLE QUARRELS AND OCCAISONAL BIG FIGHTS. YOU REALLY DO MEAN A LOT TO ME AND I STILL THINK YOU ARE BEAUTIFUL. LOVE FOREVERMORE AND ALWAYS
